

## Strategic Plan and Development

The College Management believes in setting up perspective plan for excellence in academic and infrastructure development. This is drawn in the form of long term and short term goals in different aspects of college functioning. These perspective plans are reflected in the annual action plans. The IQAC decides the perspective plan which is to be approved by the CDC (College Development Committee) meetings. The IQAC set up the following goals which were approved of by the CDC:

- To start new course.
- To increase the number of computers.
- To construct a new college canteen.
- Installation of more solar energy panel in the college campus.
- To increase the no. of ICT teaching.
- To encourage the faculty for research work To increase extension work.
- To maintain the campus with Wi-Fi connectivity.
- To mobilise funds.
- Construction of administrative block.

### **Activity:**

Keeping in mind these goals the institution prioritised the need of starting new course with relevance to current trends. This would help the college to become a reputed educational institution in Northeast Bihar and offer an excellent academic growth for students.

### **Initiating the process:**

In 2020-21, the proposal for introducing the new course was discussed in the IQAC meeting and then put forward to CDC for approval. The CDC, after minutely going through the proposal approved the same and gave permission to apply for Professional degree course in the college. The proposal was made in accordance with the guidelines of the UGC and the affiliating University. The college thereafter duly forwarded the proposal to the B.R.A. Bihar University for approval and pursued the process. We are still waiting for approved of the University for strating B.Com. Course in self finance mode.

The programme outcome of this course is to produce good students with sound knowledge of the subjects who would become good researchers to raise the standards of the subject.

Apart from this activity, the college has achieved most of the goals set by in the action plan, for example, increase in the number of course, construction of new canteen, solar energy generation, substantial increase in ICT teaching., Wi-Fi connection in the campus etc.

CDC and IQAC of the College are making all possible efforts for alround development of the College.
